MASS. AGGIES, ST. STEPHENS AND COLGATE SEXTETS BOW TO BUFF AND BLUE HOCKEY TEAM

Hamilton Defeats Aggies 3-1, St. Stephens 9-1, and Colgate 3-0

HAS WINNING STREAK

Squad Makes First Trip In Several Years To Play Afternoon Game

Running up a winning streak of three games since the beginning of the new semester, the Buff and Blue hockey team defeated the Massachusetts Aggies 3-1 on January 31, St. Stephens 9-1 on February 6, and Colgate 3-0 yesterday afternoon. The Colgate game was played on the outdoor rink at Colgate, and was the first that Hamilton has played away from home in several years.

The Massachusetts Aggies brought a record of six straight victories but Hamilton buckled down to hard work and snapped the visitor's victory string. Both teams played hard, aggressive hockey throughout but Hamilton's greater shooting accuracy and dogged defense proved too much for the Maroon team, fresh from a 5-1 victory over West Point.

The Hamilton team, which had been practicing consistently since the Vermont game, took many more shots in the first period than did the visitors, and held a distinct edge throughout. Wettlaufer scored first, in the initial period, sending in a long shot in 10:12 minutes. Both teams tightened up thereafter and Hamilton's further scoring attempts were repulsed, with the Aggies seldom coming close.

Wettlaufer produced the only score in the second period in 1:09 minutes tallying from a scrimmage in front of the Aggies goal. The first penalties of the game came in this period when Redmond, Crumb and Hughes of Hamilton and Brown and Davis of the visitors were sent off the ice.

Cain cut down the Hamilton lead in the third period, scoring single-handed in 3:13 minutes. The Aggies continued to threaten and were turned back only after sensational stops and gallant work by the Hamilton defense.

The Aggies peppered the Hamilton goal consistently, with Eames

(Continued on Page Four)

More Time Allowed Between Classes

Coming as a result of requests from both the students and members of the faculty, the Committee of the faculty on Schedules and Studies reported favorably the plan submitted to them by the faculty to extend the period of time between classes from five to seven minutes. The new schedule was announced to the student body at the first chapel of the new semester, and went into effect immediately.

President Ferry explained that the campus has been extended in recent years to include the New Science Building but no extention of time has been granted until now for students to travel the additional distance between the ends of the campus. The extra two minutes should amply meet the requirements of students who find it necessary to go from the Hall of Languages to the top floor of the Science Building, without being late.

AMPLIFYING SET IS SUCCESSFUL

Tryout At St. Stephens Game Demonstrates Worked Efficiency

Spectators at the St. Stephens hockey game Friday night witnessed the demonstration of the amplifying set which the General Association may purchase for use at athletic contests on the Hill. The demonstration was very successful in the opinion of those who operated the set, and many favorable comments have been received concerning the clarity of tone.

The set was manufactured by the Sampson Electric Company, of Canton, Massachusetts, and was installed in the Sage building by Neil Jacobsen, of Albany, agent for the company. The cost, if the college decides to purchase it, will be approximately $700., including the installation expenses, the three speakers, microphone, and phonograph. The amplifier is portable and can be used for football games, track meets, and other events where announcements are practicable. The set itself is of one unit.

The demonstration was sponsored by Coach Prettyman, and Thomas Leavenworth, '32. Leavenworth was instrumental in having the firm bring the instrument here, and assisted in the operation.

(Continued on Page Three)

HOCKEY SEASON NEARS CLIMAX

Amherst, Union, Colgate Will Face Hill Sextet Soon

Followers of the Buff and Blue hockey team are looking expectantly ahead to the three remaining games of the 1931 season. Amherst, Union, and Colgate will appear in the Russell Sage Rink on successive Saturdays, beginning February 14.

Next Saturday's engagement with Amherst will probably be one of the best games of the season. With the recollection of a 3-2 defeat at the hands of the Hill sextet last year, the Amherst combination will be bidding for the honors of the evening. Hamilton has the advantage over the Purple according to comparative scores, since Massachusetts Aggies defeated Amherst by two goals, and Hamilton downed the Aggies 3-1.

Union will visit the Hill on February 21. The Garnet team defeated St. Stephens 5-1, while Hamilton turned them back 9-1. Comparative scores again seem to favor the local hockey men. The last game of the season is scheduled with Colgate on February 28. This will be the return engagement for the game which was scheduled for yesterday, to be played on Colgate's rink. Cornell, former opponent of the Buff and Blue, defeated Colgate 5-1.

DISCUSS MERITS OF WORLD COURT

Foreign Policy Association Holds Second Meeting; Hill Represented

An informal discussion on the merits of the World Court provided the topic for discussion at the second meeting of the Foreign Policy Association held on the evening of February 4 at the Yahnundasis Club. Miss Hope K. Thompson supported the negative side of the question and Philip C. Jessup, '14, the affirmative. President Cutten of Colgate University presided.

Miss Thompson, a Canadian by birth and a law school graduate, maintained that the American people have announced their verdict of the feasibility of the Court from an American point of participation by an overwhelming condemnation as shown in several elections. Mr. Jessup on the other hand, pointed out that even though it has been an experiment, it has been a successful one and should be given a trial on that basis, if none other. In answer to Miss Thompson's attitude toward the complications connected with the League of Nations, he showed that fifty nations now belong to the League and that even though the United States does not join the Court, it will be unable not to have dealings with these fifty nations forming the League of Nations.

Miss Thompson and Mr. Jessup were well qualified to take sides on such a topic as both have had international experience. Jessup, while an undergraduate, was a Pentagon man and a member of the Sigma Phi fraternity. During the war he saw active service at the front and at present is a practicing lawyer and Associate Professor of International Law at Columbia University.

RUTH BRETON IN RECITAL WEDNESDAY

Young Violinist Has Met With Great Success Both Here and Abroad

GOOD VARIED PROGRAM

Musical Art Quartet To Make Second Appearance March 16

Ruth Breton, noted young violinist, will be the next artist to appear under the auspices of the Musical Art Society. Her concert will take place this evening at 8:15 in the College Chapel.

Miss Breton has had a phenomenal success and has been highly praised by critics here and abroad. She has appeared as soloist with the most distinguished orchestras of America and Europe. She is a native of Louisville, Ky.

She received her first violin instruction from her father when she was five years old. At the age of eleven she made her first public appearance, playing the difficult "Introduction and Rondo Capriccioso," by Saint-Saens. At the suggestion of Mischa Elman, she studied under Franz Kneisel, and then with the famous Leopold Auer.

Miss Breton's debut as a mature artist was made with the St. Louis Symphony Orchestra. Her first New York appearance was the outstanding debut recital of the season. Since then she has played with the finest symphony orchestras in New York, Cincinnati, Philadelphia, Baltimore, and other large cities. Her later recitals in London, Hamburg, Munich, and Berlin brought forth an enthusiasm equal to that of the American critics.

Miss Breton always makes it a rule either to include something new; or to revive some forgotten piece on each of her programs. Among the numbers that she has played for the first time in this country are Poldowski's "Tango", Lilli Boulanger's "Matin du Printemps," Rebecca Clark's "Midsummer Moon," and "El Poema de una San Luquena," by Turina. Miss Breton says that it takes more time to hunt up such pieces than it does to keep in practice. The instrument that she uses is one made by Amati, who ranks with Stradivarius as a maker of violins.

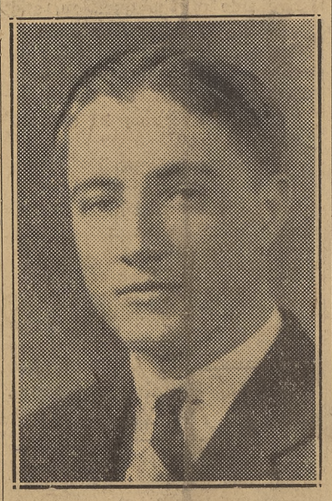
DECREASE IN WATER CONSUMPTION ON HILL

The consumption of water by Hill residents has been much less than normal during the past month and it is now believed that a continued effort to save water will keep the college reservoirs at a safe level until the supply is built up by rain and thaws.

While no great quantity of water has entered the reservoirs through the springs recently, it has been said that a heavy thaw will start them flowing and will help the College overcome this handicap.

In the notices that were sent to all metered customers recently, a statement was made urging a continued saving in the use of the College water.

Receives Award



FRANCIS J. CROWLEY, '31

CROWLEY '31 IS RECIPIENT OF FOWLER PRIZE

Announcement Made At College Meeting Held After Alfred Game

HONORED FOR LOYALTY

Letters and Numerals For Fall Activities Are Also Awarded

At the meeting of the General Association for Undergraduate Activities held following the basketball game with Alfred January 15, Francis J. Crowley, '31, was announced as the second recipient of the Richard S. Fowler football award. Letters and numerals for fall sports were also awarded at the meeting, and the faculty and alumni members of the Executive Council were elected by the undergraduate body.

(Continued on Page Three)

FACULTY PASS STUDIES RULING

Men Low In Courses To Be Dropped From Regular Standing

Acting on the advice of the Committee on Schedules and Studies, the Faculty in its regular meeting of January 31, passed a stringent ruling calculated to keep within reasonable limits in the future, the abnormally large number of men dismissed from College as a result of the mid-semester examinations. A total of twenty-four, twenty freshmen, two sophomores and two juniors, failed to pass the required ten hours.

The new measure states that "An undergraduate who is willfully neglectful of his work in any course is to be reported to the Committee on Schedules and Studies which may then remove him from the course. A grade of failure shall be entered in his record and he shall lose regular standing for such period of time as the Committee may determine."

The pre-existing ruling governing such a course of action was considered as too general. That part of the administrative rules merely states that "An undergraduate may be dismissed from college by the Faculty at any time for general neglect of work; re-instatement is not permitted in such cases."

EXPULSIONS ANNOUNCED BY FACULTY

Twenty-Four Men Dropped From College Rolls At End of Semester

20 FRESHMAN FAILURES

Five Men Complete Their Courses; Poor Showing Due To Negligence

With an unprecedented slaughter of the members of the freshman class, the number of men who now remain in college for the spring term totals only 418, as against 456 who were enrolled at Christmas time. Four of those were men who left before the exams, and five of them were seniors who completed their courses. Besides these two groups, 24 men were dropped from the rolls because of failure in the semester examinations.

Of those who made up the group two were juniors; two sophomores and the remaining twenty were freshman. Eighteen of the men were fraternity men, and the remaining six neutrals. Delta Upsilon was the only house which escaped unscathed from the lists. The dropping of these men, which was preordained by the large number of postings at mid-semesters, was claimed to be due to negligence and therefore steps have been taken by the faculty to prevent this in the future. A rule has been passed which empowers the members of the faculty to warn a man and then to drop him from the course if he shows no improvement.

The five men who completed the work necessary for graduation were: Albert Laney Bonner; John Frederick Folley, Jr.; Clarence Bruce Fraser; Philip Edward Tracy; Frederick Porter Tucker.

In addition to the men who have graduated, John L. Pope; '32, and Wilson L. Coward, '33, have left college. Gordon W. Hofstetter, '33, has returned to finish his studies.

The Religious Discussion Group will hold its next meeting of the year Sunday evening at the Delta Kappa Epsilon House at 7:30 o'clock.

Charles A. Miller, a member of the Board of Trustees, is scheduled to lead the discussion.

PROFESSOR WILDER SPEAKS AT KIRKLAND

Professor Amos N. Wilder of the Ethics Department was the principal speaker last Sunday evening at the Kirkland Church. His speech was in commemoration of the golden anniversary of the Christian Endeavor, which is being celebrated in churches of several denominations throughout the country at this time.

In his address Professor Wilder told of some of his experiences in France during the war, speaking of the kindness the inhabitants showed to the home-sick American soldiers. Rev. Clarence Post, blind pastor of the church, introduced Professor Wilder, praising him highly for his achievements in the religious and educational fields.

The Calendar

Wednesday

A concert of the Musical Art Society in the College Chapel at 8:15 o'clock.

Thursday

Class Basketball, Freshmen vs. Seniors, and Sophomores vs. Juniors, at 4:30 o'clock.

Friday

Basketball game with Northeastern University at 7:30 o'clock, in Soper gymnasium.

Saturday

Hockey game with Amherst at 8:15 o'clock.

Fraternity banquets and Formal Initiations.

Intercollegiate fencing meet at 2 p. m. in the gymnasium.

Sunday

Chapel preacher, Rev. Anthony B. Peterson, D. D., of Scarborough, New York.

Mondey

Interclass hockey, Freshmen vs. Seniors and Sophomores vs. Juniors.

Inter-class fencing, Sophomores vs. Seniors.

ALUMNI HOLD ANNUAL BANQUET

President Ferry Addresses Binghamton and New York City Groups

President Frederick C. Ferry addressed two alumni meetings during the mid-semester period; the first in Binghamton on Thursday, January 29, the second at the Hotel Astor in New York City on the following evening.

The Binghamton meeting was held at the Hotel Arlington and was presided over by Frederick J. Meagher, '99, president of the Binghamton Alumni Association. Besides Dr. Ferry, the other speakers of the evening were Herbert H. Crumb, '05, superintendent of schools in Endicott, N. Y., and Arthur R. Winters, associate director of physical education on the Hill. Mr. Winters addressed the meeting on the connection between athletic and scholastic activities in Hamilton College. Rexford W. Titus, '10, was elected president of the Binghamton Alumni Association for the coming year.

At the New York meeting, which was held in the East Ballroom of Hotel Astor, addresses were given by Dr. Ferry, Dr. James S. Plant, '12, and President Livingston Farrand of Cornell University. Singing between speeches was led by L. Danford Bates, '24. The meeting, which was largely attended, was presided over by Harry C. Bates, '12, president of the New York City Alumni Association. Louis J. Ehret, '04, was elected to succeed him for the current year.

WINTER PARTIES HELD ON HILL

Alpha Delts, Sigs and Chi-Psi's Entertain Between Terms

To relieve the tenseness of the mid-year examination period, winter house parties were held by two groups on the week-end preceding the opening of the new semester. A number of Chi Psi and Sigma Phi men united to give one party, while Alpha Delta Phi entertained at the other.

The heaviest snow of the winter, combined with below-zero weather, converted the parties into a winter carnival. At few times has the campus been more beautiful to welcome a host of house party guests. Many enjoyed the skiing and skating provided by the wintry weather, but the heavy snow was not without its disadvantages. Transportation was greatly impeded, and the roadways were kept open with considerable difficulty.

The program for the week-end included formal dinners, dances on Friday and Saturday nights, tea dances on Saturday afternoon, and a hockey game with Massachusetts Aggies which resulted in a victory for the Buff and Blue.

HILL QUINTET BREAKS LOSING STREAK, DOWNING ROCHESTER 29-27 AFTER FIVE DEFEATS

Alfred and Union Both Win From Buff and Blue Before Exams

CLARKSON DEFEATED

St. Lawrence Outplays Local Combination At Canton, Winning 48-25

Losing to Alfred here, 32-26 on January 15 and to Union at Schenectady by a 39-22 score on January 17, the Hamilton basketball team entered the Rochester game backed by a list of five straight defeats and a single victory, accomplished in the first game of the season at Annandale, over St. Stephens.

Both teams were ragged in the game last week and Rochester led at half time by a 20-11 score. Hamilton came back in the second half with more fight than it has shown any time this year, overcame Rochester's nine point lead, and tied the game at 27-all with about two minutes to play. In the extra over-time period, the Buff and Blue scored late and then froze the ball to gain a well-earned victory.

Scored Third Victory

Friday night at Potsdam, the Hamilton team gained its third victory of the season, defeating Clarkson Tech 37-26 in a game featured by the offensive brilliance of the Buff and Blue team. Following the Clarkson game, the Hamilton five met St. Lawrence at Canton on Saturday evening and went down to an overwhelming 48-25 defeat at the hands of the Larries.

Hamilton's comeback on Rochester was more or less of a surprise but it gained impetus as the local team began eating away the visitors' lead and finally knotted the count near the end of the regulation time. Normile's circus shot with about two minutes to play sent the game into an overtime period. Ollikainen's goal from a jump ball decided the issue for Hamilton and the team cleverly kept Rochester out of possession of the ball until the game ended. During the final minutes of the regulation game and in the extra period both quintets had many chances to score but each was

(Continued on Page Four)

INITIATION NOW IN FULL SWING

Ten Fraternities To Induct Seventy-one Pledges Saturday

The annual week of initiations to the various fraternities on the Hill is now in full swing. Ten fraternities will induct 71 men Saturday, the close of initiation week. Psi Upsilon has already initiated doing so in the fall.

Two fraternities will hold banquets in Utica, the Emerson Literary Society, and Chi Beta Sigma. The other houses plan to have banquets on the Hill. The Emerson Literary Society is arranging a dance for Saturday night after the hockey game.

Saturday has been designated as the annual Alumni Day. Many crowds are preparing to entertain a number of their alumni who will be present at the induction of new members into the different fraternities.

Those of the alumni who return on Friday will be able to witness the basketball game with Northeastern, which will be played in the Soper Gymnasium next Friday night. On Saturday afternoon the Buff and Blue fencing team meets Colgate here on the Hill. It is only comparatively recently that Colgate has taken up fencing, and the Hamilton squad looks for a rather easy victory. The hockey game with Amherst here Saturday evening will complete the day's entertainment.

The idea of an annual initiation week when all the fraternities would initiate was first suggested by the Interfraternity Council three years ago. The idea worked so well that it was retained.

The Emerson Literary Society has just pledged four members of the freshman class, Frank E. Allen of Union Springs, C. Sherwood Miller of Kenmore, Walter J. Moore of Utica, and David Riddle of Winnetka, Ill.

College Librarian Announces Opening of New Browsing Room; Latest Gift Termed "A Place Where One Reads for Pleasure"

(By Harry B. Donley, '34)

"The Browsing Room is for the student body. It is hoped that they will feel at home in it and spend at least a short part of each day reading one of the fine authors found there." This was the sound advice that Joseph D. Ibbotson, College Librarian offered the students when he announced in Chapel Saturday morning that the long anticipated Browsing Room was open.

"We want you to be comfortable, to smoke, to consider it a place where one reads for pleasure."

For the last several months workmen have been engaged in the completion of this room and on Saturday many curious students visited the library to examine the finished product. The room is situated on the second floor of the building and resembles a small, personal library. It is fitted to accommodate from ten to fifteen students, and to offer them a maximum of comfort and privacy.

Paneled oak walls and a fine reproduction fireplace produce a quality of stateliness seldom obtained in so small a room. The floor is of a cork composition material and the windows, like those of the rest of the building, are of ground glass.

The furnishings of the room were obviously selected for the comfort of the readers and coordinate with the general style of the room. The chairs are covered with taupe and maroon velour, the same color scheme being strengthened in the window hangings of maroon brocade. The tables in the room are of dark oak in the French Gothic style. Standard and table lamps placed near the easy chairs provide reading light while the bookshelves are directly lighted. Antique printer's plates placed above the stacks add perhaps the most color in the room and attract a considerable amount of attention.

Concerning the books in the room, suffice it to say that there is a collection of representative literature selected to appeal to every type of reader. At the present time, however, the collection is incomplete due to the extra time taken for the importation of books from Europe.

The Browsing Room, erected as a memorial to Eugenie Dumaux Rogers, a friend of Hamilton, was formally opened to the College on Saturday morning. The funds for redecorating, furnishing, and equipping the room were given anonymously.

CHILDREN OR MEN?

The desire to play is inherent in the child, and, to some extent, continues throughout life. The evolution of this quality as one grows older is the measure of one's maturity—of the individual adaptation. The adoption of the play of a child in the period of adolescence makes a serious inroad upon the happiness of the individual and society as a whole. In college life we do not expect to find ourselves annoyed by the juvenile pranks of those who are our associates.

This refers directly to the Hill when we consider the state of upheavel which is the dominant tone in North College Dormitory. The condition is bad when considered from every angle. It has a decided effect upon the morale of those who room there, it is destruction of property by those who do not own it,and it makes a profoundly bad impression upon visitors.

The halls are covered with broken glass, everything that can be lifted is thrown about the stairs and floors and even the ceiling is sometimes saturated with water. Is that the sort of thing that a college man should point to, with anything akin to pride, as a "good trick?" We are forgetting that conduct, attitude, and adjustment are just as much a mark of a college education as are numerical grades.

Consideration of others is another thing that seems to be forgotten or ignored. No man can do his best work amid the din of battle, and surely the uproar sometimes assumes that magnitude. When one tears down, another must construct. It is a low form of amusement which takes pleasure in watching others create cosmos out of chaos, when those who construct have no part in the destruction. We refer to the men who keep our buildings in a presentable condition, and we urge fairness. The best kind of enjoyment is not found in making work for others.

The majority of trouble makers are freshmen, but can we lay the entire blame on them? Does this condition exist because of lack of upperclassmen discipline, and because of the poor example of those after whom the freshmen unconsciously pattern their conduct, or is it a matter for the consideration of the committee on admissions? It seems to be a combination of the first two, as far as we know, and the condition should not be hard to eleviate, if emphasis were put upon it at the first part of the year. The freshman is impressionable, and examples should be set and proper dicipline should be effected, remembering all the time that example itself is one of the best disciplinarians.

The condition is unwholesome, and it should be bettered. We are no longer children; we should make the most of our steps leading to maturity, or, if we cannot do that, at least we should respect the rights of those who are sincere.

C. A. L., '32

LET'S GET ACQUAINTED

How the other half lives is a subject which we are often tempted to neglect in consideration of our own well being. Individual prosperity often leads one to forget the welfare of his group or community. In our College, fraternities and kindred groups are the individuals, and the College as a whole is the community. Discussions, coming as a result of consideration of the proposed Dormitory Plan, have caused us to stop and look over the road we have been traveling, and to ask ourselves if we have forgotten the other half.

In a college such as Hamilton, where we should have the opportunity to know the other half, college spirit ought to flourish. By college spirit we do not mean superficial enthusiasm headed by a band—enthusiasm that wanes as our opponents win—but that which causes one to step across the really small barriers and say "Hello!" to his fellow.

Exchange dinners, which have been the practice with many of the fraternities, have done more to inculcate a true college spirit than all the "pep meetings" that have ever been held. Yet if we are willing to face the facts fairly we can see that we have not yet really become a unit of enthusiasm. We have three noticeable divisions; the fraternities on the Campus, the fraternities down the Hill, and the non-fraternity group. It is time that we closed the gap, and so we urge the extension of these exchange dinners. We all have a common interest and its strength lies in unity. Let each make his contribution in the common coffers, and the gain will be the greatest. Let us get to-gether and know the other half; our community shall then gain as the individual prospers.

C. A. L. '32

HILL FENCERS LOSE TO C. C. N. Y.

Visitors Take Good Margins In Sabres and Epees To Win Meet

The Hamilton College Fencing team was defeated by C. C. N. Y. in a meet held Saturday afternoon in the Hill gym, by the score of 11-6. The entire Hamilton team did not measure up to its former standards and couldn't seem to get started.

C. C. N. Y. gained a good lead in the foils, taking six out of nine points. The epee matches resulted in a 2-2 tie, and the visitors made sure of the meet taking the long end of a 3-1 score in the sabres.

The summary follows:

Foils— Bannerman (H) d. Liebow CCNY), 5-4; Erich (CCNY) d. Fredman (H),5-4; Eggleston (H) d. Erlich (CCNY), 5-0; Barmack (CCNY) d. Puglisi (H), 5-1; Barmack (CCNY) d. Bannerman (H), 5-3; Liebow (CCNY) d. Eggleston (H), 5-4; Bannerman (H) d. Erlich (CCNY), 5-4; Liebow (CCNY) d. Jenks (H), 5-0.

Eppe—Barmack (CCNY) d. Puglisi (H); Wanter (CCNY) d. Hancock (H); Hancock (H) d. Barmack (CCNY); Crowell (H) d. Wanter (CCNY).

Sabre—Hutchinson (H) d. Stewart (CCNY) 5-4; Hammerschlag (CCNY) d. Hancock (H), 5-1; Hammerschlag (CCNY) d. Hutchinson (H), 5-4; Barmack (CCNY) d. Hancock (H), 5-3..

ETHICS PROFESSOR AUTHOR OF TWO BOOKS

'Arachne' and 'Battle-Retrospect' Are Works of Amos Wilder

Among the books contained in the College Library are two books of poetry written by Professor Amos N. Wilder of the Ethics Department. The first of these books, "Battle-Retrospect," was published in 1923, while the other, 'Arachne,' was published in 1928. Both are copyrighted by the Yale University Press.

"Battle-Retrospect" contains 31 poems, most of which treat of the World War, of which Professor Wilder is a veteran. "Arachne" is a book of 32 poems on various topics. Several of these, of which "Alma Mater" is outstanding, are dedicated to Yale University where he received his A. B. in 1920 and his B. D. in 1924.

Hamilton To Debate Syracuse Over Radio

"Resolved, That the United States recognize Soviet Russia," is the subject of a debate to be held between Hamilton College and Colgate University. Hamilton is debating the negative side of the question, and will be represented by John J. Walsh and Samuel J. Holt. This debate is to be broadcast over Station WFBL of Syracuse, Saturday, February 21 at 5:00 P. M.

Tryouts for varsity debate will be held this week. The time will be announced in Chapel.

DAY FAMILY HAS PH. D. RECORD

Clarence Day, '11, and Geo. Day, '05, Received Degrees This Year

When it comes to holding national records, it would seem as though the Day family were right in the running, for they have the distinction of possessing four Ph. D.'s in a single family.

Dr. Thomas F. Day, the father, received his Ph. D. from Syracuse University at the age of 60, about 15 years ago. Edward C. Day, '07, received his Ph. D. at Harvard in 1910, while George M. Day, '05, received his degree from Occidental College, Los Angeles, California, this June.

Clarence B. Day, '11, has recently received his Ph. D. from Hartford Seminary, Hartford, Connecticut. He spent 14 years in China doing missionary work but during the past year has been on furlough studying at Hartford.

FERRY SPEAKS TO NEW CROWD

President Emphasizes Need of Scholarship Speaking Before Tekes

"Scholarship" was the subject of a short address by President Ferry before the local chapter of Tau Kappa Epsilon Friday evening, January 16. His talk, and the informal discussion that followed, initiated a series of content programs for the chapter. These programs take place weekly in every chapter of the fraternity, and have as their purpose the stimulation of worthy objectives in the minds of the undergraduates.

President Ferry first described the reasons for which men come to college. He gave evidence which showed that the average college student was the the average high school student. Rarely, if ever, does the low graded high school man make good grades in college.

It is reasonable to expect therefore that men who are successful today in their studies will continue to be successful after graduation. Some interesting statistics were given with "Who's Who" as the bases for worldly success. Two percent of those listed were Yale Graduates. One half of that two per cent consisted of valedictorians.

The people of today realize the value of education. Both at Amherst and Yale the graduating class preferred the Phi Beta Kappa key to the major letter. There is a place in the world for a man who has ambition and scholarship.

RAYTON FIRST IN SKI CONTEST

Alpha Delts Win Fraternity Cup and Seniors Take Class Honors

Alpha Delta Phi, Willis Rayton, and the class of '31 were victors in the Annual College Ski Run on Saturday afternoon. More interest was shown this year than ever before. Out of 32 to start the race, 29 finished.

Willis Rayton, '31, in placing first in 21 minutes and 34 second, led the seniors to victory. In a close finish, he passed the final marker but a few feet ahead of Hughes who nosed out Tuthill and Heyl. Tuthill, winner of last year's run, led most of the way but dropped to third in the final sprint. Individual medals were awarded to the first three places.

The Alpha Delt team, winning fraternity honors, was composed of Hughes Heyl, Leavenworth, and Fisher all placing within the first eight. The team was awarded the Inter-Fraternity Ski Cup which it won in 1929. A new cup of this kind is awarded each year by the College. The Dekes, who won the event last year, took second place. The Psi U's beat out the Tekes for third place, while the Theta Delts came in fifth. Classes placed according to regular order: seniors, juniors, sophomores and freshmen.

CARPE DIEM

NONE, BUT SOME; A PARADOX

by Bibsy Ibbotson

(As written from memory by an observing witness.)

The Browsing Room is now open. It will be run as a gentleman's library. There will be no rules. But, of course, you will not take the books from it; there will be no talking; and books from other rooms may not be taken into that room.

* * * * * * *

A Recent Chapel Preacher: "You are you. There is no other you. The world is waiting for you. So you want to give it what it expects because you'll never be here again."

Comment: Wisdom from the sage. Sounds like the Cartesian philosophy; I think, therefore I am. I am the King of Siam, I am, I am. If we had some ham, we'd have some ham and eggs, if we had some eggs. And anyway who wants to be here again?

* * * * * * * *

OTHERS FELT LIKEWISE

Davis (pre-examination meditation): I'm going to be generous but I'm going to be just. I'm going to thin the ranks—and I don't mean maybe!

* * * * * * *

WATER

(Some two-line thoughts)

The water supply was reported **too** low.
From results we infer that this was not so.

* * * * * * *

The boys who used all the water they could
Were boys who feared they'd leave college for good.

* * * * * * *

The college boys who feared the slaughter
Attempted to use up all the water.

* * * * * * *

The water supply was too low to last,
But so many flunked out that the danger is past.

* * * * * * *

What's this about a new Public Speaking Course? As if we didn't have too many already.

* * * * * * *

Well, well! Things are getting almost reasonable around here with seven minutes between classes. The next logical step is to abolish morning chapel. Of course it will be carried out.

* * * * * * *

We hope the College Store is well stocked up on Mum. There will be a large demand for it from the freshmen this week.

* * * * * * *

We understand that Zuckerman has a novel way of extracting heat from compressed gas by means of a suction pump. As yet there have been no demonstrations of this unusual method.

LETTERS AWARDED FOR VARSITY PLAYING

(Continued From Page One)

In making the presentation of the Fowler Award, Coach Winters said: "The award for 1930 goes to that individual most respected by his teammates. To this respect he in turn gave to them his unqualified loyalty. His attitude was considered an example to his fellow players. In games or practice this attitude was always the same. 'Observing the rules in the way desired' and 'not taking unfair advantage at any time' were ways in which he was characterized by his fellow players.

"His quiet yet forceful manner marked him as a leader. He was modest almost to a fault—always refusing to place himself in the spotlight.

"There are two points upon which the members of the squad have agreed as outstanding in the play of this player. One was the courage and determination he exhibited in the face of the adverses that confronted him in playing a position in which he was not experienced. The other point was, that during, and in the week previous to the final game when changes were being made in the team, this individual displayed the outstanding example of self-control, manliness and cooperation."

This year was Crowley's third as a member of the varsity football team. He also earned his letter for basketball and baseball in his sophomore and junior years, and is captain of the court team this year. In addition to having his name placed on the Fowler plaque, Crowley received a gold football and a certificate naming him as the recipient of the award.

Voting upon the names presented by the Executive Council, the Undergradate Association elected to positions on the Council Dr. Hess, Dr. Ristine, and Professor Graves as faculty members, and re-elected Wallace B. Johnson, '15, W. Arthur Campbell, '21, and Thomas B. Pope, '22, alumni members.

The following awards were made in football, soccer, and cross country:

Football. Varsity H: Bellaty, Bremer, Conger, Crowley, Day, DeSormo, Estabrook, Fay, Fisher, Hutchinson, Jensen, Jones, Joslin, Kelsey, Kingsley, W. Morris, L. G. Morris, Ollikainen, Rienzo, Rodger, Sellers, and Wilson.

Soccer. Varsity H: Mosher, Redmond, H. W. Symonds, Maijgren, Normile, Cunningham, Chambers, Fredman, Pippitt, Richards, Diggs, E. V. Gross, Boeve, Ruland.

Cross Country. Varsity H: Pritchard, Campbell, Poppe, Broughton, Clegg.

Mr. and Mrs. Craig Nelson Lewiston of Skaneateles, N. Y. recently announced the engagement of their daughter, Miss Sylvia Lea Lewiston to Albert Breese Smith, '33, son of Mr .and Mrs. Harry B. Smith of Norwich, N. Y.

AMPLIFYING SET IS SUCCESSFUL

John H. Jones, '31, was chosen to do the announcing.

The expense for the amplifier is to be born entirely by the Athletic Association. The purchase will be delayed, however, until the project has received still more favorable comment from the student body, and until the executive committees of the faculty, the trustees, and the Athletic Association have approved.

If the set is purchased it is planned to place the announcer's booth at the end of the players bench in the hockey building where information can be obtained regarding the members of the teams and the progress of the game. Music will be provided for skating after the games and for the general and faculty skating hours.

A shave as Cool as a jilted girl, as comforting as the one and only!

GET to know Ingram's and you'll part forever from a razor's burning pinprick smarts!

For Ingram's is cool—*cool*—COOL—*COOL*. It's unique among all shaving creams!

Ingram's is a tonic in itself. It's a shaving cream, a lotion and a skin freshener all in one. With it, you can shave closer. And after you've put away your razor your face will feel soothed and refreshed!

Four things Ingram's does

Number One: It cools and tones your face while you shave.

Number Two: It keeps your skin in better shape to "take" the razor.

Number Three: It enables you to shave closer without discomfort.

Number Four: It gives a heavy lather that lies close and keeps wet underneath.

Don't fail now to try Ingram's. You'll never regret it. It's your best guarantee of a life-time of shaving comfort and luxury.

Triple Tie In Basketball; Sophs and Frosh Lead In Hockey

With the victory of the freshmen over the sophomores, and of the seniors over the juniors in the games played Friday afternoon in the Soper Gym, there is a tie for first place between the seniors, sophomores, and freshmen in inter-class basketball. Both of these games were easy victories for the winning teams. In the senior-junior game the seniors easily overcame the juniors by a scsore of 23-12. The freshmen experienced a bit more difficulty in triumphing over the sophomores, winning the game with a final score of 19-11.

In the basketball games played January 15 the sophomores won over the seniors, while the juniors surrendered to the freshmen. So far there have been six inter-class basketball games played. In these the seniors, sophomores, and freshmen each have two victories to their credit. The juniors have won no games as yet.

The set of hockey games played January 16 was between the juniors and freshmen, and the seniors and sophomores. The freshmen were able to triumph over the juniors with a scsore of 2-1, while the sophomores beat the seniors 1-0. These games marked the second set of inter-class hockey games to be played this year. The sophomores and freshmen are tied for first place, both teams having won two games.

HILL HOCKEY TEAM IN CONTINUED SUCCESS

(Continued From Page One)
making a total of 17 stops in this one period alone.

Captain Wilson extended Hamilton's lead when he scored without assistance in 9:55 minutes. The Aggies' attack wavered somewhat following this tally and both teams seemed to let up considerably.

The defeat was the second received by the Aggies this season. They lost to Colby in their first game and then won six stranght victories before visiting Clinton.

In the St. Stephens game, Hamilton started out immediately to run up the largest score seen here in hockey in some time, Captain Wilson scoring three times unassisted in the first five minutes of play. Clever skating and accurate shooting bewildered the St. Stephen's team. Crumb, substitute center, scored in 12:09 minutes of the first period on a pass from Scagel.

Hamilton continued brilliant individual play but was loose on teamwork in the second period. Both teams showed mediocre hockey and loose handling of the puck all around. Hamilton's scoring powers were again evident in the second frame when Stevens scored unassisted in 8:42 minutes and Wilson tallied two more goals, the first in 9:19 minutes and the second in 16:57 minutes. Corwin scored on a pass from Wilson in 19:19 minutes of the second frame raising Hamilton's total to eight goals for the first two periods.

The third period was a comedy of errors with Hamilton missing innumerable chances to score and each team showing nothing in particular. Stevens scored on a pass from Scagel in 7:35 minutes to complete Hamilton's scoring. Hamilton failed to make good on several chances to score in this frame. White's goal in 18:58 minutes saved the visitors from a shut-out.

Hamilton defeated Colgate at Colgate yesterday afternoon, 3-0, in the roughest game played on the Hill chart in several seasons. The Buff and Blue team, smaller than the Maroon sextet, wavered before the Colgate play in the first period, when the home club forced the play and kept Hamilton on the defense. Crumb of the Hill team scored twice in the second period to give the Buff and Blue a substantial lead, and Wilson scored in the third frame for the third tally in the well-earned victory over the rough-skating Colgate combination.

Play during the second period was noticeably hard and swift and both teams, particularly Colgate, suffered many penalties imposed by Referee R. U. Sherman for rough play. The victory yesterday was the second in two seasons registered by the Hamilton skaters over their Maroon rivals.

HILL QUINTET BREAKS LONG LOSING STREAK

(Continued From Page One)
wild and their offenses unsure. Neither showed much in the way of clean-cut scoring power throughout the game. Hamilton's defense was noticeably strong in the second half, however, as Rochester was held to seven points while the Buff and Blue compiled 17.

Offense Is Good

Rienzo and Crowley led Hamilton's scoring spree against Clarkson, with Pritchard not far in the rear. The three compiled a total of 30 points between them. All seemed unerring in their shooting and the bewildered Clarkson team could not match the scoring accuracy of Hamilton's quintet.

The story at St. Lawrence was somewhat different and once more spelled strength of the Maroon team on its home court. Hamilton never threatened the Larries, the visitors trailing, 25-12 at half time and 48-25 at the finish. Gilligan, Doling, Kunz, Percy and Shoen featured for the winners, Gilligan, being high scorer with ten points. Rienzo, Crowley and Orcutt shone in the scoring column for Hamilton.

WINTER TRACK PRACTICE BEGINS

Squad Starts Training For Meet With Rochester In March

Winter track practice in the Russel Sage Building began on February 3 with a larger squad than was expected, and one which will be augmented when the hockey, basketball and fencing seasons are over.

Preliminary work-outs have been rather easy in the interest of gradually loosening up the muscles, and the men who have reported so far have been handicapped by the inadequcy of the hockey building and gymnasium during the cold weather.

An electric clock with large second hand, however, has been installed and has proved a valuable innovation in enabling the men to judge their speed.

The first meet in which the trackmen will engage is the annual inter-class meet here on March 11, 12, and 13, and on March 21 there will be a dual meet indoors with Rochester at Rochester. These are the only two events of the winter track season.

When the new management took hold of this fine store they promised the men of this section better clothes for less money.
Prices came down immediately; declines in wholesale markets, new economies in production and operation made the first saving possible. But now comes a second — more drastic than the first one of two months ago. With sledge hammer force the new value prices are driven down to a new record low. If there ever was a time to buy good clothes, that time is now.
